

## Visitor Data Capture

Capture the Data of the visitors to your stand easily at the press of a button

Hire our pocket sized memory scanner to record your visitors. It is simple to use (simply press the button and listen for the beep), rechargeable (via the USB cable supplied) and accurate at reading the barcode on name badges, negating the need to collect business cards and scrappy bits of paper.

### Add-on features

We will supply you with a sheet of up to 20 additional barcodes to personalise your data and categorise your visitors ie 'needs follow up visit'; 'interested in product A'; 'send literature pack' etc

### Data

Data can be supplied as an Excel spreadsheet, Word documents, CSV file etc. Tell us which you require at the time of booking.

Data\* will be emailed to you after the show, normally within 2 working days maximum.

\* Please note the data supplied will be dependant upon the data completed at the point of registration by the delegate. Visitor category data will be supplied as a number for you to review.

### ORDER FORM

Exhibition	<b>ELRIG Drug Discovery (Coventry)</b>
Date	1 <sup>st</sup> /2 <sup>nd</sup> September 2010
Company Name	
Contact Name

#### General Information

1. An invoice will be sent upon receipt of order which falls due immediately upon receipt. Payment must be received prior to the event. No data will be despatched until payment has been received
2. No refunds are available
3. The stand representative should collect the scanners from the Computype representative at the visitor registration/reception area. Scanners will be available 30 minutes before the show opening time. Scanners not returned within 30 minutes of the show closing will be considered lost.
4. A Charge of £200 (plus VAT) will be made for any scanner not returned, or returned in a damaged condition.
5. Computype cannot be held responsible for data loss in the unlikely event of hardware failure.
6. Computype can only provide information as supplied by the visitor to the exhibition when registering or as supplied by the organisers of the event. We cannot guarantee that visitors will provide full and accurate data.
7. In the unlikely event that the data is unavailable within the specified time period, you will be informed and the data will be forwarded as soon as it is complete.
