

## Research & Innovation 2018

### New Biology, New Targets

Homerton College, Cambridge  
17th -18th April 2018

#### Novel targets in Oncology: Tuesday 17th April

Although cancer survival rates are improving, there is still a pressing need to develop novel therapeutics for the treatment of cancer. This session will highlight the progress being made against novel oncology targets, including drugging intractable targets, hitting new protein classes/pathways and targeting immune-oncology.

#### Session Chairs

**James Lynch** (AstraZeneca) & **Neil Jones** (Cancer Research UK)

#### Plenary Keynote Speaker

**Professor Tony Kouzarides**  
Gurdon Institute and Milner  
Therapeutics Institute

#### Confirmed Speakers

**Kevin Myant** (Cancer Research UK Edinburgh Centre)  
**Stephen Beers** (University of Southampton)  
**Stefanie Mullins** (Medimmune)  
**Simon Cook** (The Babraham Institute)  
**Sarah Ross** (AstraZeneca)  
**Vivian Li** (Francis Crick Institute)  
**Mike Rigby** (Bicycle Therapeutics)

#### Call for Posters

For an opportunity to present your research in one of our poster spotlight sessions, submit your abstract by **23rd March 2018**.

The deadline for general poster abstract submission is **13th April 2018**.

#### Sponsorship & Exhibition

For further information on sponsorship & exhibition opportunities, including multi-show discounts, please e-mail ELRIG General Manager: Sanj Kumar [sanj.kumar@elrig.org](mailto:sanj.kumar@elrig.org)
